ABOUT ME

My name is Jake Lockitch, I was born and raised in Cape Town South Africa. I am a second year Computer Science student at Reichman University in Israel. I love programming, mathematics and always loved physics at school. I flourish best when I have a good balance between academic stimulation, sports, music and socializing. For relaxation I play piano and love making and listening to music.

HONOURS AND AWARDS

[17/12/2023] **Class Representative for Computer Science** **Awarding institution:** Reichman University

I was voted in and by the class and am currently a class representative for the International track for Computer Science. My responsibility is to make sure all students are looked after and treated fairly. If there are any complaints or problems - students come to me for solutions. The student representative body also helps organise the admin part of a course with the lecturers. Every semester the class representatives have a meeting with the dean to discuss how the semester went and if there are any complaints or areas that the university could improve in - our job is to critically analyse and asses lecturers and courses etc.

[2021] **Acedemic Full Colours** **Awarding institution:** Herzlia High School

Awarded Acedemic full colours for achieving an A average across all subjects
